Status of Computer Hardware

PA # 4142 with CDW-G for Lenovo products is extended through 12/31/09 or until a new Lenovo contract is in place. State Agencies and ORCPP members may purchase off of this agreement.

PA # 4143 & 6836 with CTL has been replaced with PA # 9757 with CTL for the same products. State Agencies and ORCPP members may purchase off of this agreement.

PA # 4144 with HP has been extended through 9/30/2009. State Agencies and ORCPP members may purchase off of this agreement. Current State of Negotiations: We are currently negotiating with HP to allow State and ORCPP members to purchase computer hardware directly through HP or through these resellers: CDWG, Right Systems, Danali. When the new contract is in place, we anticipate that peripherals may be purchased from reseller CDW-G through this agreement. This arrangement should mimic the buying capabilities State Agencies currently have with PA # 4140 for peripherals.

PA # 5438 with Dell has been replaced with PA # 9758 with Dell for computer products and peripherals. State Agencies and ORCPP members may purchase off of this agreement.

PA # 9768 with EMC for storage products has been executed and is ready for use. State Agencies and ORCPP members will be able to purchase off of this agreement.

PA # 6823 with Apple expired 8/31/2009. We are currently negotiating with Apple and expect to have an agreement with them by the end of September. State Agencies and ORCPP members will be able to purchase off of this agreement.

PA # 5215 with Howard expired 8/31/2009. We expect to have an agreement in place by the end of September. State Agencies and ORCPP members will be able to purchase off of this agreement.

PA # 5479 with IBM expired 8/31/2009. We expect to have an agreement in place by the end of September. State Agencies and ORCPP members will be able to purchase off of this agreement.

PA # 5115 with Lenovo expired 8/31/2009. We are negotiating with Lenovo. Please use PA # 4142 until the new agreement is in place. State Agencies and ORCPP members will be able to purchase off of this agreement.

PA # 7855 with Sun expired 8/31/2009. We are negotiating with Sun. We expect to have an agreement in place by the end of September. State Agencies and ORCPP members will be able to purchase off of this agreement.

We have the ability to sign agreements with the following companies: Ace, Fujitsu, Grace, Kyocera, Lexmark, NetApp, Toshiba, and Xerox. Please let me know if you would like to pursue agreements with any of these companies for computers or printers.

Status of Netbooks

Price Agreements for Wireless Phones and Services:

- #7557 Sprint Nextel
- #7581 AT&T Wireless
- #7552 Verizon Wireless

Price Agreements for Computer Hardware:

- #9757 Computer Technology Link (CTL)
- #9758 Dell Computer
- #4144 Hewlett Packard

Netbook Buy Decision

Netbooks are now available through the above Price Agreements. The State Procurement Office recommends the following guidelines to select the appropriate Price Agreement for Netbook device and service plan purchases.

Netbook use scenarios:

Netbook devices have two basic functions; the first is a Smartphone replacement and the second is a companion device.

Smartphone replacement

For Authorized Purchasers who would like the mobility of the Smartphone but would prefer:

- a larger screen,
- a larger keyboard,

- a GOBI Mobile Broadband Chip which allows the Netbook to connect to the internet via 3G cellular Networks similar to the Smartphone.

They are currently available through the wireless phone and services plan providers: AT&T, Sprint, and Verizon.

Companion Device

For Authorized Purchasers who would like a device:

- To augment a user's other computer system
- That is Lightweight and inexpensive
- That is Ideal for Meetings and conferences
- Suited for "senior" and/or "executive" mobility use
- For use as a "check out" system for travel purposes
- To access web-based applications with minimal computing power

They are currently available through the Computer Hardware Price Agreements:

Computer Technology Link (CTL), Dell, Hewlett Packard.

State Agencies and ORCPP members will be able to purchase off of these agreements.

Status of Ruggedized Notebooks

(Notebooks for emergency vehicles)

PA # 4144 Datec for Panasonic expires 12/21/2009

PA # 4415 Hubb/Data 911 expires 11/11/2009 and will not be replaced.

PA # 4416 Motorola expires 11/13/2009 and will not be replaced.

The Price Agreement with Panasonic is currently being negotiated. It will become available 12/22/2009 and will replace PA #4144. State Agencies and ORCPP members will be able to purchase off of this agreement.

Ruggedized Notebooks are also available on Dell PA # 9758 and HP PA # 4144.

Status of Peripherals

PA # 4140 with CDW-G and PA # 4141 with Disys have been extended through 12/31/09.

We expect to have an agreement in place with HP to purchase peripherals through CDW-G prior to the expiration of PA #4141.

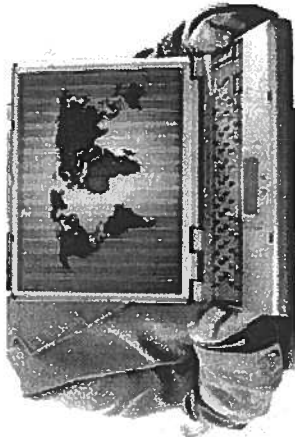

PA # 9759 with Dell has an extensive peripherals offering as well.

There will be some items purchased on the new Office Supply WSCA Price Agreement anticipated to be complete by 12/31/09.

State Agencies and ORCPP members will be able to purchase off of these agreements.

Status of Software

PA # 0121 with ASAP for Large Account Reseller (named software/specific prices) and PA # 2257 with ASAP for Shrink Wrap (any other software) are now PA # 9709 and 9711 respectively with Dell after Dell purchased ASAP. PA # 9709 and 9711 have been extended through 5/31/10 while a new software agreement is being solicited.

State of Oregon Electronic Records Management Day

DATE: Tuesday, October 6, 2009
TIME: 8:00am – 5:00pm

Few organizations or industries have more information to manage than the various branches of federal, state, and local government – or more rules about how content is accessed, managed, exchanged, and published. Like many large corporations, government agencies are struggling to gain a tight rein on this information. At the same time, these agencies need to extend the content value chain to include other agencies as well as private organizations and individuals that demand greater access to business and personal information. And they need to do it cost effectively.

Learn how EMC can help Manage Your Information for More Efficient Government

With the recent completion of the State of Oregon Electronic Records Management System contract (Price & Services Agreement #9973) with EMC, state agencies now have a vehicle for acquiring these solutions.

Join EMC for a comprehensive day of topics that include:

Event Details

DATE: Tuesday, October 6, 2009

TIME: 8:00am – 5:00pm

PLACE:

The Phoenix Grand Hotel
201 Liberty Street SE
Salem, OR 97301

Telephone: 503.540.7800

Directions

Breakfast and Lunch will be served

Complimentary parking is available at the hotel

- Content Management & Archiving Consulting
- Document Management & My Documentum Suite
- Records Management: Inventory Paper Documents & Media
- GIS Integrations and others
- Web Content Management
- Email Archiving
- And More!

Registration is limited. If you have any questions regarding this event, please e-mail Lombardo_april@emc.com or phone: 925.600.5852.

Did you know you can fine tune your interactions with EMC? [Tell us](#) when and how you would like us to contact you!

This is a promotional message from EMC regarding its products, services or events. To opt-out of further emails of this kind from EMC, [just let us know](#). You may also send your request in writing to 6801 Koll Center Parkway, Pleasanton, CA 94566. Attn: eMarketing.

NOTES -

PRICE PROTECTION: During Model Year Roll Over the MFG's will keep the new model year vehicle the same price as the current vehicle until pricing has been released. If the next model year vehicle's Order Bank is open the vehicle may be ordered as the next model year or the current year model.

HYBRID VEHICLES: AS THE FUEL PRICES HAVE ESCALATED TO EXTREMELY HIGH LEVELS THE HYBRID VEHICLE IS AN INCREDIBLY SOUGHT AFTER VEHICLE AT THIS TIME. THE CONTRACTOR'S ARE EXPERIENCING EXCESSIVE ORDER LAG TIMES DUE TO HEAVY HYBRID VEHICLE ORDERING FROM ALL MARKET SEGMENTS. THE MANUFACTURER'S ARE LIMITING THE ALLOCATION OF HYBRIDS TO THE FLEET MARKET AS THERE IS MORE PROFIT IN THE RETAIL MARKET CONSEQUENTLY THE AVAILABILITY IN THE FLEET MARKET IS SEVERELY LIMITED.

DODGE RAM: The Dodge Ram Pickups will not be rolled over for the 2010MY. Chrysler LLC has determined that not rolling them over is the best course of action for 2010.
