Hello!

Welcome to the **14th Annual Reverse Vendor Trade Show!** This is a meeting place where individuals participating can make worthwhile business alliances whether they're members of public agencies or business representatives.

Within this membership directory you will find a compilation of members, many of whom you will meet today, from the Oregon Public Purchasing Association, and Columbia Chapter. Both are non-profit organizations and local chapters of NIGP, the Institute for Public Procurement. You will find the information presented in this directory helpful in providing quality products and services to our agencies, and ultimately, to the citizens of our communities.

We would like to express our great appreciation to all of the businesses that have contributed to be recognized as Bronze, Silver, Gold and Platinum Sponsors this year! Sponsor information is included in this directory and will also be found on both Chapter websites (oppaweb.org and columbiachapternigp.org).

The support of all parties involved in the Reverse Vendor Trade Show provides our members with Oregon Public Purchasing Association and Columbia Chapter funded Scholarships, Columbia Chapter's Rewards Program, and a host of professional development opportunities that they may be otherwise denied due to financial constraints.

We would like to also thank the dedicated members of the Reverse Vendor Tradeshow Steering Committee and the special group of Chapter members that have volunteered their valuable time to make this a successful tradeshow for YOU.

We hope you enjoy the show and that we'll see you again next year!

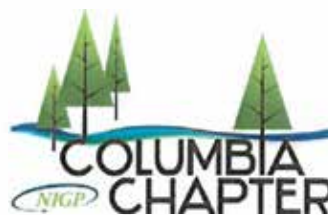

Sincerely,

Eric Wicks, President
Oregon Public Purchasing Association

Christy Tran, President
Columbia Chapter of NIGP

NIGP CODE OF ETHICS

The Institute believes, and it is a condition of membership, that the following ethical principles should govern the conduct of every person employed by a public sector procurement or materials management organization.

1. Seeks or accepts a position as head or employee only when fully in accord with the professional principles applicable thereto, and when confident of possessing the qualifications to serve under those principles to the advantage of the employing organization.
2. Believes in the dignity and worth of the services rendered by the organization and the societal responsibilities assumed as a trusted public servant.
3. Is governed by the highest ideals of honor and integrity in all public and personal relationships in order to merit the respect and inspire the confidence of the organization and the public being served.
4. Believes that personal aggrandizement or personal profit obtained through misuse of public or personal relationships is dishonest and not tolerable.
5. Identifies and eliminates participation of any individual in operational situations where a conflict of interest may be involved.
6. Believes that members of the Institute and its staff should at no time or under any circumstances accept directly or indirectly, gifts, gratuities, or other things of value from suppliers which might influence or appear to influence purchasing decisions.
7. Keeps the governmental organization informed, through appropriate channels, on problems and progress of applicable operations by emphasizing the importance of the facts.
8. Resists encroachment on control of personnel in order to preserve integrity as a professional manager. Handles all personnel matters on a merit basis. Politics, religion, ethnicity, gender and age carry no weight in personnel administration in the agency being directed or served.
9. Seeks or dispenses no personal favors. Handles each administrative problem objectively and emphatically without discrimination.
10. Subscribes to and supports the professional aims and objectives of the National Institute of Governmental Purchasing, Inc.
