- Understanding Supplier Performance (both past and future) and the impact it has on an organization. Will discuss the importance of tracking supplier performance and why the right supplier matters when making a decision. Will also highlight how the selection of a poor performing supplier can impact an organization and who the impacted stakeholders are.
- 12:45-12:55 **Legislative Updates**
Brian Smith, Multnomah County Purchasing Manager
- 1:00 Adjourn – Anthony Blackmon

Presenter- Michael R. Derr- NSCS

Community Engagement Manager - Procurated

Retired Contracts/Procurement Officer - Monterey County

Past President of the California Association of Public Procurement Officials

Past President of the National Procurement Institute

Michael Derr is a Community Engagement Manager with Procurated. As the recently retired Contracts/Purchasing Officer for the County of Monterey, Michael had the direct responsibility for the overall progress and development of the organizations Contracts/Purchasing Division and its operations, which included the County Records Retention Center, County Mail Operations Division, oversight responsibility of two Cafeteria Operations and one Daycare Center Facility. As the Contracts/Purchasing Officer Michael had the direct responsibility of providing service to the entire County, ensuring that both internal and external parties having been delegated the roles and responsibilities to act on behalf of the County when procuring goods and/or services for their designated departments did so in both a fiscal and ethical manner.

As an individual Michael is very much in tune with his local community and spends most of his free time as a Youth Minister teaching High School Youth within his local Church. The balance of his time is spent with his lovely wife (Mary), and their eight grandchildren they have been blessed with.
